6.2.1 Deployment of Strategic Plan

The Deployment of the strategic plan is a dynamic and ongoing process that involves multiple levels of oversight and assessment. The goal is to ensure that the strategic objectives of the institution are met effectively and efficiently, with continuous improvement being a key focus.

The Management and Principal of Assabah Arts and Science College plays a central role in overseeing the Deployment of the strategic plan. The Principal will regularly review progress to ensure alignment with the strategic objectives.

Department Heads are tasked with preparing detailed progress reports related to their respective areas. These reports will be compiled and presented during review meetings to provide a comprehensive overview of progress and challenges. Department Heads will highlight achievements, issues, and any deviations from the strategic plan.

The Academic Council is responsible for providing academic oversight and ensuring that the strategic plan's academic components are being executed effectively. The Council will conduct periodic reviews to assess the impact of the strategic plan on academic performance and curriculum development.

Periodic review meetings will be convened to discuss the progress reports submitted by Section Heads. These meetings will involve the Principal, Academic Council, and relevant committees. The purpose of these meetings is to evaluate progress, address any concerns, and make necessary adjustments to the strategic plan.

The Internal Quality Assurance Cell (IQAC) is responsible for the benchmarking of quality standards and their continuous monitoring. The IQAC operates independently to evaluate the attainment of quality standards set forth in the strategic plan. The IQAC will conduct regular assessments to ensure that the quality standards are being met. This includes evaluating various parameters such as academic performance, administrative efficiency, and student satisfaction. Findings from the IQAC's monitoring and evaluation activities will be compiled into detailed reports. These reports will be submitted to the Academic Council and the Governing Board for review.

Upon receiving the IQAC reports, the Academic Council and Governing Bodies will perform a thorough analysis of the outcomes. This analysis will identify areas of success and areas needing improvement.

Recommendations for the deployment of additional resources or changes in existing resources will be made based on the identified needs. This ensures that the strategic plan is supported adequately and that resources are utilized efficiently.

All reports, recommendations, and proposed corrective actions will be forwarded to the Board of Trustees. The Board will review these documents and provide final approval for any proposed changes or implementations.

Upon approval, the Board of Trustees will oversee the implementation of the recommended actions and resource allocations. This ensures that the strategic plan remains on track and that improvements are effectively executed.

The systematic approach to monitoring and reviewing the strategic plan at Assabah Arts and Science College ensures that the institution remains committed to its goals and continuously improves. Through regular oversight by the Principal, Academic Council, IQAC, and Board of Trustees, the college is poised to achieve its strategic objectives and maintain high standards of quality and performance.

Report on the Construction of Basketball Court at Assabah Arts and Science College, Valayamkulam

On 08/03/2022 (Tuesday), the students of Assabah Arts and Science College, Valayamkulam, submitted a formal request letter to the Principal, seeking the construction of a new basketball court on the college premises. The letter emphasized the importance of sports in the overall development of students and highlighted the benefits of having a dedicated basketball court.

Upon receiving the request letter, the Principal promptly forwarded it to the college management for further consideration. Recognizing the enthusiasm and the genuine need expressed by the students, the Principal supported the initiative and ensured that the request was given due attention.

The college management discussed the matter during their Governing Body meeting on 10/05/2022 (Tuesday). The members deliberated on the potential benefits and feasibility of constructing a basketball court. After thorough consideration, the Governing Body unanimously approved the proposal, acknowledging the positive impact it would have on the students and the college community.

Following the approval, the management assigned a dedicated construction team from Trissur to oversee the project. The team comprised experienced professionals who were tasked with planning, designing, and executing the construction of the basketball court.

The construction work for the new basketball court commenced on 05/09/2022 Monday. The team worked diligently, ensuring that the project was carried out efficiently and met all safety and quality standards.

The construction of the basketball court was completed on 15/02/2023 Wednesday. The new facility featured a modern design with all necessary amenities, providing an excellent venue for students to engage in basketball and other physical activities.

The newly constructed basketball court was inaugurated by Dr.Sakeer Hussain VP (Sports Director, University of Calicut on 01/03/2023 Wednesday. The inauguration ceremony was attended by the college management, faculty, students, and other dignitaries. The event marked the official opening of the court, and students eagerly participated in the first basketball game held on the new court.
