## Action Taken Report Based on students Feedback 2019-20

The feedback from students for the academic year 2019-20 has been comprehensively reviewed to identify gaps in the curriculum and address student concerns for a more effective learning environment

Sl. NO	Suggestions and Insights from Feedback and Survey	Action taken
1	Enhancing the lab facilities with a wide variety of specimens would greatly improve the learning experience, surpassing what is found in textbooks.	Enhanced lab specimen variety to improve curriculum satisfaction, including rare and exotic types, are stored in a climate-controlled system. Equipment additions include high-resolution microscopes, advanced dissection kits
2	Course materials updating	Action was taken to update course materials by sending an email to Calicut University, aligning with current curriculum standards and ensuring relevance.
3	Providing more practical experience would enhance the learning process	Increased practical experience to enhance learning, including summative practical assessments, dedicated practice sessions, and field trips. New facilities have been established to support these activities, ensuring students gain hands-on experience and real-world insights.

Assabah Arts and Science College has enriched its facilities and curriculum to meet student needs, featuring diverse lab specimens, advanced equipment, and updated course materials.
