**Name of the Program: Digital Painting competition**

Date and Time	06-10-2020
Organized by	Department of Computer Science and Applications
Target and Participants	All students of Computer Science and Applications Department
Mode	Online

**OBJECTIVES**

- This provides a change in promoting the thoughts of students in the covid pandemic

**DETAILS OF PROGRAM**

- Department organized a digital painting competition for all the students of our department. This is to enhance the students' personalities, promoting their mental abilities. They get to realize that punctuality, goal management, collaborative skills, and listening skills, are important facets of a well-rounded personality. These soft skills are enormously valued in all organizations. As employment conditions become tougher, potential recruiters look for personal attributes like attitude and values.
